Subject: Fraudulent statements made by the Tilley Foundation Inc. about G.E.

Dear Mr. Mensching,

Enclosed please find a complete file history and a video tape of a one Mr. Carl Benson Tilley, President + C.E.O. of the Tilley Foundation Inc. located in Tennessee.

In Short Mr. Tilley has defrauded 40 to 50 investors out of almost 1 million dollars with outrageous claims of huge returns and G.E. being the prime company to purchase his device.

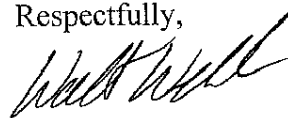

Please review the last portion of the video tape which is the first official stockholder meeting, and where the 2 billion dollar figure and the G.E. offer were presented by Mr. Tilley.

This man has a long criminal history in relations with this type of fraud and should be stopped at all cost!

In closing the Tennessee Bureau of Investigations, The S.E.C., and the F.B.I. are receiving similar packages pertaining to this matter.

Feel free to contact me with any questions or concerns.

Respectfully,

P.S. Check out the unbelievable claims on his website: [www.tilleyfoundation.com](http://www.tilleyfoundation.com)
