

UNDERSTANDING OF INTENTION

It is the understanding of the undersigned that inventive contributions were made to the invention by **CARL TILLEY AND ROBERT KIBBEY**, rendering these inventors as co-inventors of the TEK concept for which patent protection is desired. Notwithstanding the results of the patentability search, it is the present desire of the co-inventors patent application be prepared and filed as soon as is practical to help preserve rights to which the co-inventors believe themselves to be entitled.
